Daily Diary, O/RR, 6 March 1951

O/RR is initiating a project with the purpose of evaluating critically the present state of O/RR's knowledge about the production, availability, and requirements for commodities, industries, and services in the USSR. This will be followed later by an examination of the state of knowledge in the whole United States Government on this subject, and also by an extension of the examination to cover first, the Satellites, and, secondly, the Western Allies. (6 March 1951)
